CAREER OBJECTIVE

Computer Science student with strong interest in web development and problem-solving. Seeking an opportunity to build scalable applications and enhance my technical skills in a growth-oriented organization.

TECHNICAL SKILLS

Programming Languages : Python, Java, C Programming

Web Technologies : HTML, CSS, JavaScript, React.js, Tailwind CSS

Database : SQL, MongoDB

Tools & Platforms : Git, GitHub, Linux (Basic Commands), Excel, n8n

Design Tools : Figma, Canva

Soft Skills : Communication, Teamwork, Problem-Solving, Time Management, Adaptability

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern – iTech Academy

Feb 2025

Developed front-end and back-end components of web applications Worked with HTML, CSS, JavaScript, Bootstrap, React, and Node.js Built responsive and user-friendly interfaces.

Web Development Intern – Rgreen Technologies

Dec 2025 – Feb 2026

Developed a desktop-based Attendance Tracker using Java Swing Designed GUI for managing attendance records. Applied Object-Oriented Programming (OOP) concepts in Java Automated basic tasks using Windows Batch scripting and use SMTP for email sending to the employees.

Software developer Intern – Zelid Tech

Jan 2026 – Apr 2026

Developed a web-based platform that aggregates Instagram notifications into a centralized dashboard Developed an AI-powered auto-response system to generate intelligent replies to user messages Integrated backend services and APIs for real-time data fetching and processing. Improved user engagement by automating responses and reducing manual effort

PROJECTS

Furniture Showcase Website (React)

- Developed a responsive web application using React.
- Implemented smooth UI animations to improve user experience.
- Designed a clean and modern interface for better product presentation.

Employee Attendance & Report System (Java Swing)

- Built a desktop application to track attendance and calculate working hours.
- Automated weekly report generation using SMTP email integration.
- Used Windows batch scripting to automate and schedule tasks.
- Designed user-friendly GUI for efficient record management.

Event organizing website (React)

- Developed an Event Organizing Web Application for students and teachers to create and view events.
- Added features for posting events and showing interest in events.
- Implemented secure user login and authentication.
- Designed a responsive and easy-to-use interface for both desktop and mobile users.

CERTIFICATIONS

- NPTEL – Data Analytics with Python
- eBOX – Problem Solving & Programming in C
- Oracle Cloud Infrastructure – AI Foundations Associate (2025)

EDUCATION

AAA College of Engineering and Technology, Sivakasi
B.E. Computer Science and Engineering

2023 – 2027 | CGPA: 8.12

S.S.H.N Higher Secondary School, Sivakasi

2022 – 2023 | Percentage: 78.8
