Career Objective

Passionate Computer Science student with strong interest in software and web development, seeking an opportunity to contribute to innovative projects and enhance my technical and problem-solving skills through practical experience in a growth-oriented organization.

Education

AAA College of Engineering and Technology, Sivakasi

CGPA : 8.12 Sep 2023–Aug 2027

S.S.H.N.Higher Secondary School,Mugavur

Percentage : 78.83% Jun 2022 – Apr 2023

CERTIFICATION

- Completed NPTEL course on Data Analytics with Python
- Completed eBOX training in Problem solving and Programming in C
- Completed Oracle Cloud Infrastructure 2025 certified AI Foundation Associate Certification

SKILLS

- **Programming Language** : Python, C, Java, swing
- **Web Technologies** : HTML, CSS, React.js, JavaScript, Responsive web Design
- **Database** : SQL(My SQL)
- **Tools and Platform** : Git, GitHub, Excel, Linux(Basic Commands)
- **Design & UI tools** : Figma, Canva, Framer
- **Soft skills** : Effective Communication, Team Collaboration, Time Management, Problem Solving, Quick Learner & Adaptability

INTERNSHIP

iTECH academy -Fullstack web development

12th – 22nd FEB 2025

- Designed and developed front-end and back-end components of web applications.
- Worked with HTML, CSS, JavaScript, Bootstrap, React, Node.js.
- Built responsive user interfaces and implemented.

Rgreen Technologies - Web Development Intern

15th Dec 2025 – 15th Jan 2026

- Developed a desktop-based Attendance Tracker using Java Swing in Apache NetBeans
- Designed interactive GUI for managing attendance records
- Applied Object-Oriented Programming concepts in Java
- Worked with Windows Batch File scripting for basic automation tasks

PROJECTS

- Furniture website - Developed a React-based furniture showcase web application with smooth UI interactions and responsive design. Implemented animation effects to enhance user engagement and improve visual presentation.
- Employee Attendance & Report System - Developed a desktop application using Java Swing in Apache NetBeans to track employee attendance and calculate working hours. Implemented automated weekly report generation, integrated SMTP for sending email reports, and used Windows Batch scripting to schedule the process. Designed a user-friendly GUI for managing records.
